

# CHANGING LIVES FOR THOSE LIVING IN EXTREME SITUATIONS

Extreme Response exists to change the lives of people living in extreme, often life threatening, situations.

Our purpose statement is very succinct. It lets you know that everyone involved with Extreme Response, and everything we do, is to intentionally change the life of a daughter, son, mother or father that is living in an extremely difficult situation.

What it does not tell you is that we operate under the premise that money can change situations, but it is through relationships that true life-change takes place.

In this report, we give an overview of the impact the resources entrusted to us have made possible. The financial resources donated allow us to meet physical needs and aid in relationship building. The time, labor and love provided by hundreds of volunteers put the resources to work changing lives.

As you look over this report remember the statistics represent lives and it's people like you who help make all this possible.

Sincerely,  
**Jerry Carnill**  
President/CEO

## 2012 DONATIONS

## 2012 EXPENSES

\*Includes Christmas, Short-term Teams and Interns.
